WHOLESALE PRICE LIST

FALL, 1910

ELLWANGER & BARRY, MOUNT HOPE NURSERIES,
ROCHESTER, N. Y.

Established 1840.

THE PACKING SEASON.

The Spring packing and shipping season usually opens here about the first of April and continues into the month of May. The planting season is not regulated by any particular month or day, nor by the state of vegetation where the planting is to be done, but by the condition of the trees to be planted. Hence, trees can be sent with safety from Rochester to localities several degrees south, even if they do not arrive until after the ordinary transplanting season in that locality has passed.

In the Fall we usually commence digging and packing the first week in October and continue until the freezing of the ground, about middle of November.

DIRECTIONS FOR SHIPPING.

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their trees forwarded. When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after the packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the forwarder.

CONDITIONS OF SALE.

Quantity—The articles in the following list will be furnished at the annexed prices only when the quantity specified shall be taken. Two hundred fifty will be furnished at the thousand rate, twenty-five at the hundred rate, and five at the rate per ten. Less than five at price per each.

In furnishing assortments of Fruit Trees, as well as Ornamental Trees, Shrubs and Plants, at the prices in this Catalogue, we reserve the right of selecting varieties, but these will be of leading popular sorts, and in all cases we will give the purchaser his choice as far as practicable.

Guarantee—In growing and furnishing all nursery stock we use the greatest care to have it true to name, and will replace any that may prove untrue. But no sale by us carries a warranty of quality, express or implied, and for any error we shall not be liable for more than the purchase price. Every purchase from us is made on these terms.

Terms—The terms of payment, cash, or satisfactory security before delivery or shipment of trees.

From the prices in this catalogue we will allow a discount of three per cent. for cash, but only on condition that the cash reaches us before shipment.
